Falling

Olive

In love, in love
In love, in loveSlower than the sun goes down
Softer than the autumn rain
Surer than the Earth is roundGentle as the mornin' breeze
Warm enough to sleep and dream
There is no doubt in my mindI'm fallin'
(In love)
I'm fallin'
(In love)Leaves that are falling around me
Make sense to me, a reality
Leaves that are falling surround me
Make all this seem, a realityClearer than the mornin' light
Darker than the deepest night
There is no doubt in my mindI'm fallin'
(In love)
I'm fallin'
(In love)Leaves that are falling around me
Make sense to me, a reality
Leaves that are falling surround me
Make all this seem, a realityLeaves that are falling around me
Make sense to me, a reality
Leaves that are falling surround me
Make all this seem, a realityIn love, in love
In love, in loveLeaves that are falling around me
Make sense to me, a reality
Leaves that are falling surround me
Make all this seem, a reality
