Crashing

Swearin'

Every time that I bleed it's my affection
Every time that I come clean it's my humiliation
And everything that I say, I say to save myself
Everything that I say makes
My world come crashing down
Every time you're near me
I feel I'm crashing down
Every time that I breathe it's to keep you alive
Every time that I see it's to watch you say goodbye
No more words inside my head
To save my ass this time
No more words inside my head
When it all comes crashing down
Every time you're near me
I feel I am crashing down
I feel I am crashing
Every time I breathe I breathe for you
And every time I move I move for you
And ever time I see I see for you
And everything I do has been for you
Every time I breathe I breathe for you
And every time I see I see for you
And everything I do I do for you
And everything I do makes it
All come down
Everytime you're near me
I feel I'm crashing down
