The Best Is Yet To Come

David Hasselhoff

Try to see the thing from the other side
Don't forget where you come from
What went down before doesn't matter now
The best is yet to comeYesterday is only a memory
'Cause it's over, said and done
Listen close and you'll hear the laughter
The best is yet to comeThings have got to get better
Keep your face to the sun
And if we all just stick together
One for all, all for one, the best is yet to comeLife's a song and you are the melody
Though you might hear a different drum
Don't get satisfied with the rhythm
The best is yet to comeWe have passed the edge of our innocence living fast
Living fast 'cause dreams die young
Don't get all caught up in moment
The best is yet to comeThings have got to get better
Keep your face to the sun
And if we all just stick together
One for all, all for one, one for allWhen the darkness closes in
Don't be discouraged, just remember
(Everything's gonna be alright)
When your back's against the wall
Keep your spirit standing tall
Don't surrender because, the best is yet to comeRaise your glass it's time now to celebrate
Every nation, every tongue
We've got to keep our eyes on the future
'Cause the best is yet to comeNa na na na na na na na
Na na na na na na na na
Na na na na na na na na
The best is yet to come
