

Self-Made Man

Ignite

I don't judge you
On what you say
But I judge you
On what you've done Completely two-faced
Turned on me again
I feel so sorry for you
Because I know you'll have no friends Screaming at the top of my mind
You don't listen to a word I say
I'm screaming at the top of my mind
You don't listen
I feel so sorry for you
