

Follow You Anywhere

[Monica Heldal](#)

And you Jimmy
you were making up excuses for me
excuses for me
not to come with you home
but I'm back now
been walking 'round your house for some time
and every garden tree I've climbed
but you're gone
I guess there's no place for us now
but I'll go with you anywhere if you'll allow me
this town is starting to look down upon us now
'cus baby you're no good
And I'll follow you anywhere, anywhere, anywhere
I'll follow you anywhere, anywhere
I'll follow you anywhere, anywhere
if i only knew where you'd go
if i only knew where you'd go
and I'll follow you anywhere, anywhere, anywhere
I'll follow you anywhere, anywhere
I'll follow you anywhere, anywhere
if i only knew where you'd go
if i only knew where you'd go
Tonight Jimmy
the old town seems so very far away
our music in the soft and windy days over there
is all gone
and I'll follow you anywhere, anywhere, anywhere
I'll follow you anywhere, anywhere
I'll follow you anywhere, anywhere
if i only knew where you'd go
if i only knew where you'd go
if i only knew where you'd go
oh, where you'd go
oh, where you'd go
oh, where you'd go
