

# Lil Bit (nosleep remix)

## K Camp

Aye get fucked up  
Drink a little bit  
Smoke a little bit  
Pop a little bit  
Aye get fucked up  
Drink a little bit  
Smoke a little bit  
Pop a little bit  
Aye get fucked up  
We ain't doing much  
Tryna have a good time  
Got four bad bitches  
Man the pleasures all mine  
Girls kissin' girls  
Best believe they all fine  
Girl-girls kissin' girls  
Best believe they all fine  
Let go, let go  
Let go, let go  
What you doin'?  
Drink a little bit  
Smoke a little bit  
Pop a little bit  
Aye get fucked up  
Drink a little bit  
Smoke a little bit  
Pop a little bit  
Aye get fucked up Four bad bitches  
Man the pleasure all mine  
We ain't doin' nothing  
Tryin' to have a good time  
Roll around the city, porsche seats on recline  
Four Bad bitches  
Fuckin' 'em at the same time  
Bitch named keisha, got an ass like a bubble  
Feed her M&M's watch it turn to some trouble  
Two hands on the ball, shorty just double  
Once I get mine  
Aye ain't trying to cuddle

All in the party  
Hippy trippy on the henny  
Jar full of weed  
Baby girl I got plenty  
Break fast for the chick  
Like I work at Denny's  
Shawty where the shots  
Aye need many, many, many, many  
Molly in the system  
Drinkin' out the bottle  
Shorty goin' in  
Going hard full throttle  
Instagram likes got her feeling like a model  
If you looking' for the drugs, don't worry I got 'em  
Aye get fucked up  
Drink a little bit  
Smoke a little bit  
Pop a little bit  
Aye get fucked up  
Drink a little bit  
Smoke a little bit  
Pop a little bit  
Aye get fucked up  
We ain't doing much  
Tryna have a good time  
Got four bad bitches  
Man the pleasures all mine  
Girls kissin' girls  
Best believe they all fine  
Girl-girls kissin' girls  
Best believe they all fine  
Let go, let go  
Let go, let go  
What you doin'?  
Drink a little bit  
Smoke a little bit  
Pop a little bit  
Aye get fucked up  
Drink a little bit  
Smoke a little bit  
Pop a little bit  
Aye get fucked up  
Shot number four got her still talking sober  
Molly got her ass wide awake no Folgers  
Aye what it is Diego bring the doja  
One more shot I'm in that hole like a gofer  
Smoke, smoke, smoke

Drink, drink, drink  
Bitch I'm getting money  
Give a damn what you think  
One more shot, hella bent, might faint  
Super lit hit it ho  
Going hard in the paint  
Fruit rolling up he ain't ran out of yet  
Boutta take off, my migos offset  
Rolled up the blunt, got a dutch full of Shreks  
Said that she want more  
Guess she ain't done yet  
Green green green  
Mean mean mean  
Bad bitch kissin'  
I ain't tryin' to intervene  
If you gone do it  
Baby do it for the team  
And it's on blowing strong  
Money long, limousine
