Drag Me Closer to You

Superdrag

I don't wanna be your part-time man
I'm hoping that you'll l understand
I ain't looking for a part-time girl
I've been looking for youI don't wanna be your part-time thing
People talking till it's deafening
Knock me out and put my head in a sling
I've been looking for youNow ain't the time to be questioning me, oh, no
Now ain't the time to be questioning meGotta drag me closer to you
Gotta drag me closer to you
Gotta drag me closer to youI don't wanna be your part-time boy
Go ahead and treat me like a toy
I ain't looking for a part-time girl
I've been looking for youI don't wanna be your part-time thing
People talking till it's deafening
Knock me out and put my head in a sling
I've been looking for youNow ain't the time to be questioning me, oh, no
Now ain't the time to be questioning meGotta drag me closer to you
Gotta drag me closer to you
Gotta drag me closer to you
