Before The Worst

Script

Its been a while since the two of us talked
About a week since the day that you walked
Knowing things would never be the same
With your empty heart and mine full of painSo explain to me, how it came to this
Take it back to the night we kissed
It was Dublin city on a Friday night
With vodkas and coke, I was Guinness all nightWe were sitting with our backs against the world
Saying things that we thought but never heard
Oh, who would've thought it would end up like this?Where everything we talked about is gone
And the only chance we have of moving on
Is try to take it back before it all went wrongBefore the worst, before we mend
Before our hearts decide it's time to love again
Before too late, before too long
Let's try and take it back before it all went wrongThere was a time, that we'd stay up all night
Best friends yeah talking till the daylight
Took the joys alongside the pain
With not much to lose, but so much to gainAre you hearing me? Cause I don't wanna miss,
Set you adrift on memory bliss
It was Grafton Street on a rainy night
I was down on one knee and you were mine for lifeWe were thinking we would never be apart
With your name tattooed across my heart
Oh who would've thought it would end up like this?Where everything we talked about is gone
And the only chance we have of moving on
Is try to take it back before it all went wrongBefore the worst, before we mend
Before our hearts decide it's time to love again
Before too late, before too long
Let's try and take it back before it all went wrongIf the clouds don't clear
Then we'll rise above it, we'll rise above it
Heavens gate is so near
Come walk with me through
Just like we used to, just like we used to, yeah, yeahLet's take it back before it all went wrongBefore the worst, before we mend
Before our hearts decide it's time to love again
Before too late, before too long
Let's try to take it back before it all went wrong
Let's try and take it back before it all went wrong
