

I Don't Wanna Have To Lie

LOLO

I don't wanna have to lie to everybody, about how I feel

I can't eat, can't sleep

I'm on my knees, praying for a miracle

It's all right, what you say, like a knife

I know you like the taste of blood

I love you, I hate you, I have you, I lose you,

I just want someone to love I don't wanna have to lie to everybody

I just wanna light, I wanna smoke more cigarettes

You think that I like gettin hurt,

But I do it, I can't seem to help myself

I'm a big girl, but big girls get hurt too, and they cry

You think that I'm tough enough

But I know when you look at me right now, that all you can see is blood I don't wanna have to lie to everybody,
about how I feel

Waves of sadness, waves of grief

A river that feels like it'll never stop runnin'

And all you can see is the lies,

I know it's all over my face

I can't change, I can't hide

I don't wanna have to lie to everybody, about how I feel, (ohh whoa ohh)

Don't wanna have to lie to everybody, about how I feel
