Gone In The Morning

Newton Faulkner

Off to the land of sleepy time I go
I?m gonna take my shoes off at the door
I'm gonna go where dreams like rivers flow, oh
Oh, when the alarm goes off I just won't go
Won?t you come with me?
Won?t you? Before they're gone in the morning
I wanna know why they're gone in the morning
I feel alone when they're gone in the morning
I wanna know why they're gone in the morning, I
I'm gonna master all kinds of Kung Fu
I'm gonna live inside a tiny zoo
I'm gonna grow my self a giant afro
(Incredible)
Whoa, when the alarm goes off I just won't go
Won?t you come with me?
Won?t you? Before they're gone in the morning
I wanna know why they're gone in the morning
I feel alone when they're gone in the morning
I wanna know why they're gone in the morning
I, oh, I don't mind what's in store
I'll make it in my own sweet time
When I go, oh, I don't wanna go
Won?t you come with me?
Won?t you? Before they're gone in the morning
I wanna know why they're gone in the morning
I feel alone when they're gone in the morning
I wanna know why they're gone in the morning
I, oh, they're gone in the morning
I wanna know why they're gone in the morning
I feel alone when they're gone in the morning
I wanna know why they're gone in the morning
I, oh, oh
