Me and My Desire

999

This is me and my desire
Taking all that I require
Such a pretty sight to see
And there? s nothing left for me
Well you know it? s wery funny
And I don? t have much money
Change my colour it? s a dare
Change my face and my hairDon? t want to be a moving part
Back door ladies rearranger
Don? t want to feel the cold nights bite
In and out of my life
Fascinated for a while
It? s the colour of your smile
And there? s plain there? s nothing free
It? s not good enough for meIt? s a break up such a made up
What do you desire
No more fake up need a shake up
What do you desireThis is me and my desire
Taking all that I require
Well you know its wery funny
Such a pretty sight to see
This is me and my desire
Taking all that I require
Well you know its wery funny
And I don? t have much money
Me and my? me and my
Me and my desire
Me and my desire
