

# Me and My Desire

999

This is me and my desire  
Taking all that I require  
Such a pretty sight to see  
And there? s nothing left for me  
Well you know it? s wery funny  
And I don? t have much money  
Change my colour it? s a dare  
Change my face and my hairDon? t want to be a moving part  
Back door ladies rearranger  
Don? t want to feel the cold nights bite  
In and out of my life  
Fascinated for a while  
It? s the colour of your smile  
And there? s plain there? s nothing free  
It? s not good enough for meIt? s a break up such a made up  
What do you desire  
No more fake up need a shake up  
What do you desireThis is me and my desire  
Taking all that I require  
Well you know its wery funny  
Such a pretty sight to see  
This is me and my desire  
Taking all that I require  
Well you know its wery funny  
And I don? t have much money  
Me and my? me and my  
Me and my desire  
Me and my desire
