

# Fallen Like The Sky

Afi

Flee today with me and we can hide  
Until they want you  
Where the strange creatures play  
Mystic games of strength. Disassociate.  
Seal my fate, seal my, seal your  
Until they eat their own young  
This is a lonely war tonight and I'm forsaken  
Are you a lonely one, too? OH  
This is a lonely war tonight, with soldiers breaking  
They were the lonely once too.  
Leave your stain and laugh. My wounds innate.  
Leave like they all do.  
We the strange creatures play  
Endlees games of hate, we the reprobate  
Seal our fate, seal our, seal your  
Till we eat our own young

This is a lonely war tonight and I'm forsaken  
Are you a lonely one, too? OH  
This is a lonely war tonight, with soldiers breaking  
They were the lonely once, too  
This is a lonely war tonight and I'm forsaken  
Are you a lonely one, too? OH  
This is a lonely war tonight, with soldiers breaking  
They were the lonely ones, too  
This is a lonely war tonight and I'm forsaken  
Are you a lonely one, too?  
Are you a lonely one, too? with soldiers breaking  
Are you a lonely one, too?
