

Fembot

The All-American Rejects

I've got some news for you
Fembots have feelings too
You split my heart in two
Now what ya gonna do

Once you gone tech
You ain't never going back

I'm hi-tech baby

Fresh out the box
The latest model
Generator running on full throttle
Can I get a fuel up? Hit the bottle (reboot)
I got a lotta automatic booty applications
Got a C-P-U maxed out sensation
Looking for a joy to man my station (reboot)
Rock the nation
(Rock it, baby)

I've got some news for you
Fembots have feelings too
You split my heart in two
Now what ya gonna do
(jag alskar dig)

My system's in mint condition
The power's up on my transistors
Working fine, no glitches
Plug me in and flip some switches
Pull up in dragging position
Pop the hatch and hit ignition
B-b-burn out, baby
Ready for demolition

Once you gone tech
You ain't never going back

My super brain is a binary
Circuitry and mainframe tens-filled here

I'm sipping propane topped with a cherry (reboot)
In fact I'm a very scientifically advanced hot mama
Artificially discreet no drama
Digitally chic titanium armor (reboot)
Ring the alarm-a

I've got some news for you
Fembots have feelings too
(You know)
You split my heart in two
Now what ya gonna do

(Here we go)

My system's in mint condition
The power's up on my transistors
Working fine, no glitches
Plug me in and flip some switches
Pull up in docking position
Pop the hatch and hit ignition
B-b-burn out, baby
Ready for demolition

One you gone tech
You're never ever going back
One you gone tech
You're never ever going back
One you gone tech
You're never ever going back
One you gone tech
You're never ever going back

One you gone tech
You're never ever going back
You gotta enter access code
Up on the back of my neck
Initiating slut mode
All space cadets on deck
There's a calculator in my pocket
Got you all in check

My system's in mint condition
The power's up on my transistors
Working fine, no glitches
Plug me in and flip some switches
Pull up in docking position

Pop the hatch and hit ignition
B-b-burn out, baby
Ready for demolition

I'm ready
My system's in mint condition
The power's up on my transistors
Working fine, no glitches
Plug me in and flip some switches
Pull up in docking position
Pop the hatch and hit ignition
B-b-burn out, baby
Ready for demolition
