

# La Primavera

## Fuel Fandango

When you feel there's no body out there  
And you cry but they can not hear you  
Sometimes this life is insense, this insenseMy soul has become a stone  
Unbreakable, unice-cold  
And now the memories they faith  
They faith, awayWhen you have nothing to lose  
You live in a life you didn't choose  
The fear is gone forever, forever, forever  
When you have nothing to lose  
You live in a life you didn't choose  
The fear is gone forever, forever, foreverCuando la flor se abra  
Y entre la luz por tu ventana  
Ya llega la maÑ±ana  
La primavera  
Cuando la flor se abra  
Y entre la luz por tu ventana  
Ya llega la maÑ±ana  
La primavera en tu miradaDreaming the same again  
I'm trying to sweep deep as just found yesterday  
I am feeling down and none for trouble  
Unbreakable, ice-coldWhen you have nothing to lose  
You live in a life you didn't choose  
The fear is gone forever, forever, foreverCuando la flor se abra  
Y entre la luz por tu ventana  
Ya llega la maÑ±ana  
La primavera  
(Uhhh) Cuando la flor se abra  
Y entre la luz por tu ventana  
(Uhhh) Ya llega la maÑ±ana  
La primavera(Uhhh) When you have nothing to lose  
You live in a life you didn't choose  
(Uhhh) The fear is gone forever, forever, forever(Uhhh) La primavera  
(Uhhh) la primavera  
(Uhhh, uhhh)La primavera  
La primavera  
La primavera  
Uhhh, uhh
