

# Don't Cry For Me

Lisa Stansfield

Ooh  
Ooh not one tear  
No babe, ooh  
Babe The birds don't sing the same anymore  
They always sounded happy before  
But now there's somethin' missin'  
'Cause they don't see me kissin' you  
No more My sky has fallen down through the floor  
I go to sleep with no one to hold  
In bed when you were near me  
I didn't really feel the cold at all I'm pickin' up the pieces now  
Know I'm gonna get through somehow  
Don't cry for me, no  
Gotta make it on my own  
Learn to be alone  
Ooh baby  
Don't cry for me I feel like there's a hole in my heart  
Gotta fill it up and make a new start  
I can't sit here forever  
Although it seems I'll never ever get that far  
I'm gonna get outside and make some new friends  
And put me back together again  
It's no use feelin' lonely  
When I know I'm not the only one who feels like this  
So I'm Pickin' up the pieces now  
Know I'm gonna get through somehow  
Don't cry for me, no me  
Gotta make it on my own  
Learn to be alone  
Ooh baby  
Don't cry for me Ooh it's hard, baby it's hard, but I'm tryin'  
Tryin' my best ooh to make it through  
I know deep in my heart that I'm cryin'  
I'm tryin' to forgive you The birds don't sing the same anymore  
They always sounded happy before  
But now there's somethin' missin'  
'Cause they don't see me kissin' you  
No more baby Pickin' up the pieces now  
Know I'm gonna get through somehow

Don't cry for me  
Gotta make it on my own  
Learn to be alone  
Ooh baby  
Don't cry for me  
Pickin' up the pieces now  
Know I'm gonna get through somehow  
Don't cry for me  
Gotta make it on my own  
Learn to be alone  
Don't cry  
Don't cry for me  
Pickin' up the pieces now  
Know I'm gonna get through somehow  
Don't cry for me  
Gotta make it on my own  
Learn to be alone  
Ooh baby  
Don't cry for me
