Wild Ox Moan

Chris Whitley

Wont you come here, good woman
And listen to the wild ox moan?
Now wont you come here, good woman
[Incomprehensible]I got something to tell you, good woman
Something to tell you, good woman
Well, well, can you come in my heart?So woman, you come here, good woman
And hear this wild ox moan
Now wont you come here, good woman?
And hear this wild ox, ox moan
