I'm Not Your Ex

Myles Nelson

Verse:
I see a fire burning in your eyes
Every time you turn to say goodbye
You like the way that I treat you right
But thereâ€™s some things that you just canâ€™t hide.
I can see it all over your face
You want me more but your out of place
You want my time but you want your space
To try and feel some sense of grace.
Cos youâ€™re torn up and torn to pieces
Every-time that you have to see him
But it ainâ€™t my fault, they left you lost.
So let me give you something to believe in
I promise every single word I mean it
Iâ€™m not leaving. Iâ€™m not leaving.

Chorus:
Cos Iâ€™m not your ex ex ex
Iâ€™m not the next heart wreck
Iâ€™m not the one that loved you and left
You want the best best best
But you wonâ€™t let me in
You leave me spun like a web of regret
But Iâ€™m not your ex ex ex ex
Iâ€™m not your ex ex ex ex

Verse 2:
You say you like me but you just canâ€™t love
You keep trying but you still have cuts
It seems being me wonâ€™t be enough
Itâ€™s hard to breathe when you hold my lungs
Going under with every wave
I start to wonder if youâ€™ll ever change
Itâ€™s hard to fight when you stir this pain
Every time that you burn the page
Thatâ€™s torn up and worn to pieces
Too many times that youâ€™ve had to read it
But it ainâ€™t my fault
It left you lost

So let me give you something to believe in
I promise every single word I mean it
Iâ€™m not leaving. Iâ€™m not leaving

Bridge:
And they say it takes time to reset.
But I canâ€™t wait again.
Iâ€™m caught up in this mess.
When Iâ€™m just trying to address.
