Stupid Tricks

Sahara Hotnights

My stupid tricks, do you know how to fight them?
You're being fooled, even worse than you know
It takes brains, are you sure that you got it?
Checked your reaction but it seemed too slow, as allCracking jokes I know you tried to ignore them
Still woke up with my laugh by your side
Caught you sleeping through the brightest of hours
You think you can avoid me after all those times you've triedIf we ever find out nothing surprises us anymore
(Oh, when I'm walking, oh, when I'm talking)
If we ever go down there asking what we came here for
(Oh, when I'm walking, oh, when I'm talking)
Our stupid tricks, ohScoring points, your silence made me the winner
You weren't there when I changed all the rules
You keep looking over your shoulder
Repeating old mistakes and I make them feel brand newIf we ever find out nothing surprises us anymore
(Oh, when I'm walking, oh, when I'm talking)
If we ever go down there asking what we came here for
(Oh, when I'm walking, oh, when I'm talking)Too uptight, to show that we care
Yeah, we ain't got one minute to spare
We got a hard time coming
If we're not prepared, oh, ooh ooh oohMy stupid tricks, do you know how to fight them?
Well, you're being fooled, even worse than you know
It takes brains, are you sure that you got it?
Checked your reaction but it seemed too slow, as allIf we ever find out nothing surprises us anymore
(Oh, when I'm walking, oh, when I'm talking)
If we ever go down there asking what we came here for
(Oh, when I'm walking, oh, when I'm talking)And if we ever find out nothing surprises us anymore
(Oh, when I'm walking, oh, when I'm talking)
And if we ever go down there asking what we came here for
(Oh, when I'm walking, oh, when I'm talking)Oh, when I'm walking, oh, when I'm talking
Oh, when I'm walking, oh, when I'm talking
Oh, when I'm walking, oh, when I'm talking
Oh, when I'm walking, oh, when I'm talkingOh, when I'm walking, oh, when I'm talking
Oh, when I'm walking, oh, when I'm talking
Oh, when I'm walking, oh, when I'm talking
Oh, when I'm walking, oh, when I'm talking
