

Sinner's, Inc

Rob Zombie

Sin, sin, sin, you're all sinners
Your all goin' to a painful, everlasting, fiery hell
It's all for the fairies, it's all for the fairies
It's all for the fairies, it's all for the fairies
I wish I could die
I don't know what's going to happen, to any of us
It's all for the fairies, it's all for the fairies
It's all for the fairies, it's all for the fairies
It's all for the fairies, it's all for the fairies
It's all for the fairies, it's all for the fairies
