

Brother (Kygo Remix)

[Matt Corby](#)

Ooh ooh ooh Sleep now under my skin
Make sure you'll try to
Conjure the wind
And ease my mind Ooh ooh Somebody call out to your brother
He's calling out your name
Ooh ooh ooh
Hiding under the covers
With no one else to blame
Ooh ooh ooh
You couldn't help out your own neighbor
You couldn't tell it to his face
You were fucked up by the blame You cower in the corner
Confide in your father
Let it out and say
Let it pass away Sleep now under my skin
Make sure you try to
Conjure the wind
And ease my mind And I said
Ooh ooh ooh Somebody call out to your brother
He's calling out your name
Ooh ooh ooh
Hiding under the covers
With no one else to blame
Ooh ooh ooh
You couldn't help out your own neighbor
You couldn't tell it to his face
You were fucked up by the blame You cower in the corner
Confide in your father
Let it out and say You cower in the corner
Confide in your father
Let it break your day
Let it out and say Wait there
Pull yourself out of this state dear
Acknowledge you were a fake here
From there on you might just grow
Oh oh oh Somebody call out to your brother
He's calling out your name
Ooh ooh ooh
Hiding under the covers

With no one else to blame
Ooh ooh ooh
Oh, you couldn't help out your own neighbor
You couldn't tell it to his face
You were fucked up by the blame
