

# Isolate

## Enemy Reign

I'm sent for elimination

To where I cannot know, but I'm lost without a chance in hell

And I'm lost with doubts I can avoid this come feel the fire burn I'll slowly drift away

A victim of the future my mind and soul decayedIsolateI'm sent for eradication

By whom I cannot know, but I'm lost without a chance in hell

I'm the last one out I can't avoid thisExposed to fire but I'll burn another way

A victim of the future I embrace the tourniquetIsolateLead us all to pastures green

To search and learn

From ones I cannot beLead us all to harmony

To search and learn

The one I cannot be
