Can't Wait To

Lisa Stansfield

I can't wait to
Can't wait to love youYou ask me if I wanna spend some time
Ask me if I wouldn't mind that you're aching for me
Ask if I wanna hang behind you ask is it too crowded
Would I like to just get out of here, out into the night, yeah
You ask me if I mind, well, baby II can't wait to, can't wait to take the mood outside
I can't wait to, can't wait to open up your eyes
I can't wait to do everything I desire, can't wait to love youIs it me or is it hot in here, I feel the need for fresher air
Somewhere where we both can breathe, breathe easy, yeah
You tell me about a place you go, a place where we can be alone
We can slip out on the side, you ask me should we take that ride?
Well, baby, II can't wait to, can't wait to take the mood outside
I can't wait to, can't wait to open up your eyes
I can't wait to do everything I desire, can't wait to love youI can't wait to, can't wait to take the mood outside
I can't wait to, can't wait to open up your eyes
I can't wait to do everything I desire, can't wait to love youI just can't, I just can't wait
I just can't I just can't wait
I just can't waitI can't wait to, can't wait to take the mood outside
I can't wait to, can't wait to open up your eyes
I can't wait to do everything I desire, can't wait to love you
