

# Bye Bye Baby. Goodbye.

## Crash Test Dummies

Take that back or I'll mess you up  
I've had it up to here  
Get back in your car and drive  
And put it in high gear  
Cause now you're gone,  
And I'm lovin' it  
Bye-bye baby, goodbye  
I'm on my own  
And I'm lovin' it  
Bye-bye baby, goodbye  
Take that dog and tie her up  
Let the bitch bark all night  
Feel your trigger finger itch  
You're spoilin' for a fight  
Cause now you're gone,  
And I'm lovin' it  
Bye-bye baby, goodbye  
I'm on my own  
And I'm lovin' it  
Bye-bye baby, goodbye  
Take that dish and reel her in  
Kiss her on the head  
Take that wish and put it back  
Inside your silly head  
Cause now you're gone,  
And I'm lovin' it  
Bye-bye baby, goodbye

I'm on my own  
And I'm lovin' it  
Bye-bye baby, goodbye  
Bye-bye baby, goodbye
