Your Sister

Jamie Findlay

Hey Yo J.R
I meet a lot of beautiful girls in my life man
But this situation is kinda weird
I like her sisterI was just walkin' out school, I saw this girl gettin' off the train
We exchanged numbers and went on a couple dates
At first everythin' was cool until I meet her sister Lauren
Got introduced to each other and then everythin' changedI wanted a piece of that forbidden fruit
But my homies said to stay away
But I'm 17 what you expect me to do
I guess we'll charge it as a part of the gameIf I'm wrong, oh I don't wanna be right
I kissed your sister last night
It ain't my fault, I guess your sister's my typeIf I'm wrong, oh I don't wanna be right
I kissed your sister last night
It ain't my fault, it's just your sister's my typeNow I'm on the telephone talkin' with Lauren
But her sisters on the other line
But I can't help my self 'cuz Lauren too fine
And I know this might be wrong but it feels so right
Her sister is nice but Laren is more like sugar and spiceI wanted a piece of that forbidden fruit
But my homies said to stay away
But I'm 17 what you expect me to do
I guess we'll charge it as a part of the gameIf I'm wrong, oh I don't wanna be right
I kissed your sister last night
It ain't my fault, I guess your sister's my typeIf I'm wrong, oh I don't wanna be right
I kissed your sister last night
It ain't my fault, it's just your sister's my typeSorry that it had to go like this way
But you know your sisters got what I need
'Cuz I got to be with Lauren and I'm over youSorry that it had to go like this way
But you know your sisters got what I need
'Cuz I got to be with Lauren and I'm over youI wanted a piece of that forbidden fruit
But my homies said to stay away
But I'm 17 what you expect me to do
I guess we'll charge it as a part of the gameIf I'm wrong, oh I don't wanna be right
I kissed your sister last night
It ain't my fault, I guess your sister's my typeIf I'm wrong, oh I don't wanna be right
I kissed your sister last night
It ain't my fault, it's just your sister's my type
