

# Animal Arithmetic

## JÃ³nsi

Wake up, comb my hair  
Making food disappear  
Riding bikes, making out  
Elephants running down

You and I ran away, got lost in the eve  
Saw the most colorful fireworks

Every time, everyone, everything's full of life  
Everyday, everywhere, people are so alive

We should all be (oh oh oh) alive!  
We should all be (oh oh oh) alive!

Horfandi, pgjandi, tala vio, skrioandi  
Dreymandi, strjuka af, koma vio ekki ma  
Mala a likama, spilar a renglandi  
Leika mig! Reynandi!

Get it on, get it on, fucking on, spuandi  
Get it on, bring it on, fucking it, klÃ³f??Ã³f?Ã³,Ã³loandi

We should all be (oh oh oh) alive!  
We should all be (oh oh oh) alive!  
We should all be (oh oh oh) alive!  
Let's not stop, let's go and live!

I see you colorful, I see you in the trees  
I see you spiritfuf, You're in the breeze  
I see it in your hands, Tree fingers through a bean  
I see you in the sand, Roll down the stream

I see you in the trees, I see you colorful  
I see you in the breeze, You're spiritfuf  
Tree fingers through a bean, I see it in your hands  
You're rolling down the stream, You're in the sand

I see you colorful, I see you in the trees  
I see you spiritfuf, You're in the breeze  
I see it in your hands, Tree fingers through a bean

I see you in the sand, Roll down the stream

I see you in the trees, I see you colorful  
I see you in the breeze, You're spiritfuf  
Tree fingers through a bean, I see it in your hands  
You're rolling down the stream, You're in the sand

I see you colorful, I see you in the trees  
I see you spiritfuf, You're in the breeze  
I see it in your hands, Tree fingers through a bean  
I see you in the sand, Roll down the stream
