

Hammer of Justice

HammerFall

You see me but I'm not there
Like the calm before the storm
You hear me, I'm everywhere
In the wind and in the rain Feel me in every breeze
I'm the chill inside your spine
I'm burning you start to freeze
As you slowly turn around And down in your hole
Solitary darkness rule
You are forlorn
Cause justice will be mine Prowling the night
Justice calling, we'll track you down
Justice calling, ready to strike
Justice calling, breaking the chains
Hammer of justice seeking his revenge Dead man walking by
There's a void inside his eyes
Judgment, a final sigh
Here the screams electrified As the mirror turns blank
And your essence fades away
Your chapter's closed
Sealed with thunderbolts Prowling the night
Justice calling, we'll track you down
Justice calling, ready to strike
Justice calling, breaking the chains
Strike with the hammer of justice
Justice calling, we'll track you down
Justice calling, ready to strike
Justice calling, breaking the chains
Hammer of justice seeking his revenge I see the injustice everywhere I go
I search for tomorrow and I know you will be there
The hammer of justice holds the key to the future
The bringer of sorrow is the last you'll see Justice calling, we'll track you down
Justice calling, ready to strike
Justice calling, breaking the chains
Strike with the hammer of justice
Justice calling, we'll track you down
Justice calling, ready to strike
Justice calling, breaking the chains
Hammer of justice seeking his revenge
