You've Ruined Me

Norah Jones

You've ruined me now
But I liked it but I'm ruined
Do you have a plan?
'Cause I'm in your handsYou've ruined me now
Though I liked it now I'm ruined
I had no choice
When I heard your voiceI know you said
Can't be misled
Now I'm the one
Whose face is redYou've ruined me now
Though I liked it now I'm ruined
Your chocolate eyes
Like buttons of liesYou've ruined me now
Though I liked it now I'm ruined
I'm trying to part
With what's in my heartYou've ruined me and how
I thought I liked it but I'm ruined
My whole world's now
Turned upside downI heard me say I'm going away
But now I write you everyday
You heard me say I'm going away
But I'm on the floor outside your doorYou've ruined me now
You've ruined me nowYou've ruined me now
But I liked it but I'm ruined
Do you have a plan?
'Cause I'm in your hands
