

# When I Get You Alone

Robin Thicke

Oh yeah  
Baby girl, where you at? Got no strings, got men attached  
Can't stop that feelin' for long no  
You makin' dogs wanna beg breaking them off your fancy legs  
But they make you feel right at home, now  
See all these illusions just take us too long  
And I want it bad because you walk pretty  
Because you talk pretty 'cause you make me sick  
And I'm not leavin', till you're leavin'  
Oh I swear there's something when she's pumpin' asking for a raise  
Well does she want me to carry her home now?  
So does she want me to buy her things?  
On my house, on my job, on my loot, shoes, my shirt  
My crew, my mind, my father's last name?  
When I get you alone  
When I get you you'll know baby  
When I get you alone  
When I get you alone now  
(It's all mine)  
Come on oh yeah yeah  
Baby girl you da shit that makes you my equivalent  
Well you can keep your toys in the drawer tonight, all right  
All my dawgs talkin' fast ain't you got some photographs?  
'Cause you shook that room like a star, now yes you did, oh  
All these intrusions just take us too long  
And I want you so bad because you walk city  
Because you talk city 'cause you make me sick  
And I'm not leavin', till you're leavin'  
So I pray to something she aint bluffin', rubbin' up on me  
Well does she want me to make a vow? Check it  
Well does she want me to make it now?  
On my house, on my job, on my loot, shoes, my voice  
My crew, my mind, my father's last name?  
When I get you alone  
When I get you you'll know baby  
When I get you alone  
When I get you alone now  
(It's all mine)  
Oh no, get you alone baby

Oh oh oh oh that a girl! You get some  
All these intrusions just take us too long  
And I want you so bad because you walk pretty  
Because you talk pretty 'cause you make me sick  
And I'm not leavin', till you're leavin'  
But I pray to something when she's pumpin', rubbin' up on me, now  
Want me to break it down? Check it  
Well did you want me to make it now?  
On my house, on my job on my loot, shoes, my voice  
My crew, my mind, my father's last name?  
When I get you alone  
When I get you you'll know girl  
When I get you alone  
When I get you alone now  
(It's all mine)  
I get you alone  
When I get you alone  
I get you alone  
When I get you alone  
(It's all mine)  
Yeah
