

Victory's Yours

Nada Surf

I can redo
And I'll do it without you
I can rebuild
I can make something real Some days just won't start
I wake up and it falls apart
Spend my time trying to figure you out but
I never get very far
I think I'm walking out of this fight
There's a spark and it's just within my sight
A little light means everything to a
Halfbeliever like me who can
Hardly see what's in front of him Victory's yours, the fighting is done
The battle's won, now I'm gone
I'm not the confrontational type
So you bear down with all your might
I really hope that you're having fun because
This is such a great waste of what
Surely could be great days
But they're all burned up
In the name of I don't know what I can redo
And I'll do it without you
I can rebuild
I can flatten that hill
I can redo
And I'll do it without you I'll sell my car and my bike
I'll pack my samsonite
Use frequent flyer miles I was saving
Get back to feeling right
Take to the sky
Victory's yours, the fighting is done
The battle's won, now I'm gone
I wish you peace
Now I'm gone
I wish you peace
Now I'm gone
I wish you peace
I wish you peace
