

# I'm On My Way Anthem

Novi Novak

(laughing) I love making songs like this  
This song is dedicated to all the people who told me, I wouldn't even get..... this far  
(Laughing) You know what I'm sayin?  
People like my mom and my brother sayin "Fuck are you doing man?"  
Let me show you what I'm doin man..... Lets go!

To all the people that hated!  
Put Me Down, Said I'd Never Make It!  
Tell'm I'm On My Way!  
La Da, Da Da Da!  
Tell'm How It Feel Man!  
Cuz Look how far I done came!  
Look Momma Everybody Know My Name!  
I'm On My way!

I'm not a good kid in a mad city  
I'm a bad kid in a bad city  
Mad cuz these people never had pity, Laughed at me  
Wouldn't shake my hand and now they ass wanna rap with me

If you're not inspired than you must not get it!  
Really from the bottom man, started a percentage  
And then Every single school that I was in I got suspended  
Had no friends and started scrapin to get by like a dentist

So believe me dude I needed too  
Do you know how it feel when your own FUCKIN Mother don't believe in you?  
The conversations with myself I had to have just to keep me cool?  
Because I had to struggle just to see me through! You feel meee?!

We're all here for a reason and this is mine!  
And If you here just breathin you wastin time!  
You wanna be the champ? You gotta work for the belt!  
Nobody believing in you unless you believe in yourself, SO!

To all the people that hated!  
Put Me Down, Said I'd Never Make It!  
Tell'm I'm On My Way!  
La Da, Da Da Da!  
Tell'm How It Feel Man!

Cuz Look how far I done came!  
Look Momma Everybody Know My Name!  
I'm On My way!

All I remember in them homes as a child  
Therapist, daily pills and fake smiles  
That left me sheltered, made me all wild  
No friends, no girls, no sense of style

Suddenly I knew and said it's them against you  
And so that's why by twenty-two I ain't expect to make it through  
But then I learned respect, I learned gratitude  
Learned to live to the fullest fully not to live a fool  
And yes its true  
I take my time, can't force things  
Talking God with my Grandma on a porch swing  
As we laugh how far I came since 14  
Oh mannnn..... We never would have dreamed

So locked down, man ready to go  
I lived a life that they don't know  
Life's a breeze sometimes cuz yea it blow  
And there's a pain I'm afraid to show, As I'm singin out

To all the people that hated!  
Put Me Down, Said I'd Never Make It!  
Tell'm I'm On My Way!  
La Da, Da Da Da!  
Tell'm How It Feel Man!  
Cuz Look how far I done came!  
Look Momma Everybody Know My Name!  
I'm On My way!

Early in the Morning I get up  
I stretch, I think, drink coffee by the cups  
That's good stuff.... See!  
They follow me cuz I lead, Do you follow that?  
Kids on twitter like "You my Idol! Can you follow back?!"  
Cuz ima take the game remodel that  
I'm just so tired of these rappers with they hollow raps

You get, 1 shot, red coat, rifle packed  
I shot missed then reloaded but I sniped exact  
We ain't on another one, we on another two  
And I never say that I can't, except, there's nothing that I CAN'T do!

Cuz my life won't all fit in these lines  
But every beat I fit a small little piece of my climb  
The pit falls and the rocks that all fell on my head  
That knocked me down to the start where I almost quit BUT I SAID!

To all the people that hated!  
Put Me Down, Said I'd Never Make It!  
Tell'm I'm On My Way!  
La Da, Da Da Da!  
Tell'm How It Feel Man!  
Cuz Look how far I done came!  
Look Momma Everybody Know My Name!  
I'm On My way!

We all know that you, keep it strong  
That you, keep on goin and move on and on and on  
We all know that you, keep it strong  
That you, keep on goin and move on and on and on

---
