

B.O.M.O.

Tatiana Manaois

Oh yeah
Oh yeah
Oh yeahBear with me on this one
It's been a minute
Since I've been in my feels
But this is what I'm feeling
You try to play your games
But you don't play fair
I would've sang to you
And play with you hair
Over you, you, you
You didn't want forever
And I won't lie
We could have been so good together
But I could do much better on my own
Yeah, I know
I could do much better on my own
Yeah, I know
Now I don't have too much to say
So there's no need to listen closely
Do you need somebody
Don't let my love go to waste
I was damn too?? but
You can't even tell it to my face
That you, you, you
No, you don't want forever
And I won't lie
We could have been so damn good together
But I could do much better on my own
Yeah, I know
I could do much better on my own
Oh, yeah yeah
Oh, yeah yeah
I say I'm better on my own
I'm better on my own
Oh, yeah yeah
Oh, yeah yeah
I'm better on my own
Oh, yeah yeah

Oh, yeah yeah
If you're better on your own
And you wanna let them know
Say, yeah
If you're better on your own
Say, yeah
Say if you're better on your own
Let me hear you say yeah
Oh yeah I know babe
Say I could do much better on my own
I say I'm better on my own
babe

I said I could do much better on my own
