Making Christmas

Danny Elfman

This time, this time, making Christmas

Making Christmas, making Christmas

Making Christmas is so fine, it's ours this timeAnd won't the children be surprised?

It's ours this time, making Christmas

Making Christmas, making ChristmasTime to give them something fun

They'll talk about for years to come

Let's have a cheer from everyoneIt's time to party

Making Christmas, making ChristmasSnakes and mice get wrapped up so nice

With spider legs and pretty bowsIt's ours this time, all together, that and this

With all our tricks we're making Christmas timeHere comes jack, I don't believe

What's happening to me?

My hopes, my dreams, my fantasiesWon't they be impressed? I am a genius

See how I transformed this old rat

Into a most delightful hat, my compliments from me to youOn this, your most intriguing hat

Consider though this substitute

A bat in place of this old ratNo, no, no, now that's all wrong
This thing will never make a present

It's been dead now for much too longTry something fresher, something pleasant
Try again, don't give up, all together, that and this
With all our tricks we're making Christmas timeThis time, this time
Making Christmas, making Christmas

It's almost here and we can't waitSo ring the bells and celebrate
'Cause when the full moon starts to climb
We'll all sing out, "It's Christmas time"
