

# LUKE C WALKER

## Cuz Lightyear

I stayed myself, I never changed (yeah yeah yeah)  
Do whatever get you paid (yeah yeah yeah)

Cuz Crippin but I still f\*ck a red(bone)  
Got a hundred different plugs in my cell(phone)  
It's still 33 for an el(bow)  
Imma ride til my dogs sitting in jail(home)

East Atlanta on the crest bending it back(road)  
I'm on Candler, I'm on Gresham, I'm on Flat(shoals)  
I'm at magic, I'm at Follies letting them stacks(go)  
Then it's right back to the trap when them stacks(low)

Trap house never closes we wide open  
Kickin flavor with me neighbor, yeah we local  
Rep the bottom cause the bottom where we come from  
Me no pray for little paper, need a lump sum

Real spill yeah  
I would rather be a broke real n\*gga than a rich f\*ck n\*gga  
Don't fall in love with her  
She just wanna be in V.I.P with the drug dealers

Don't blame me  
I won't let you shame me  
Had to get it how I got it on my own two feet

Don't blame me  
I'm what the game made me  
Not what the fame made me  
I won't let it change me  
I'm the same me

I stayed myself, I never changed (yeah yeah yeah)  
Dirty so they treat me like a stain (yeah yeah yeah)  
Do whatever get you paid (yeah yeah yeah)  
Rollin from the cradle to the grave (yeah yeah yeah)

On my hood on my block (aye)  
On my momma, I won't stop (aye)

Play with me, I'll let it pop (aye)  
Halo on me Saint Laurent (aye)

Call me when it's cool, cuh  
Keep one on me buss a move, cuh  
You my Lil baby boo, girl  
I love you like my favorite color blue, girl

Real spill yeah  
I would rather be a broke real n\*gga than a rich f\*ck n\*gga  
Don't fall in love with her  
She just wanna be in V.I.P with the drug dealers

Don't blame me  
I won't let you shame me  
Had to get it how I got it on my own two feet

Don't blame me  
I'm what the game made me  
Not what the fame made me  
I won't let it change me  
I'm the same me

I stayed myself, I never changed (yeah yeah yeah)  
Dirty so they treat me like a stain (yeah yeah yeah)  
Do whatever get you paid (yeah yeah yeah)  
Rollin from the cradle to the grave (yeah yeah yeah)
