

# My Drag

## Squirrel Nut Zippers

My drag, it's a weight on my back  
I'm lost in a stack without my drag  
My blues, alone and confused  
Oh, I'm spreadin' the news about my drag I could go right along singin' songs  
Of love that happiness brings  
If I'd stop for a while, I can smile and be glad  
But that crazy feeling comes back bad Oh, my drag, it's a hound on my tracks  
I just fell through the cracks into my drag
