Crash

FireHouse

Mother Mary bless me, bless my soul
'Cause I gave my life for rock-in-roll
At the time I thought it was a good idea
But now my life is like a spinning wheel
Going round and round
Spinning me round and round
And I'm losing altitude
My next hits a smash
And I think I'm gonna Crash
Yes I think I'm gonna Crash
Well I know I'm gonna Crash
I'm going down
Oh my God my God what have I done
I've pissed away my life for fun
Just when my auto pilot was kicking in
I started spiraling down in a tailspin
Going round and round
Spinning me round and round
And I think I'm gonna Crash
Yes I think I'm gonna Crash
Well I know I'm gonna Crash
I'm going down
Well I think I'm going to Crash
Yeah I think I'm gonna Crash
And my situation's bad I'm going down
And I think I'm gonna Crash
Yes I think I'm gonna Crash
Well I know I'm gonna Crash
I'm going down
Well I think I'm going to Crash
Yeah I think I'm gonna Crash
And my situation's bad I'm going down
Down...going down
I'm going Crash
