

# Burn

## Parade of Lights

Caught you walking up tonight  
Lookin' right into my eyes  
Know you've got an evil side  
I'll forget that if you like You're like fire, fire, oh oh oh oh oh  
You're like fire, fire, oh oh oh oh oh  
So come on, let's ride, we'll take on the world tonight  
You're like fire, fire, oh oh oh oh oh  
Let's burn Tell me what you want to know  
Never do what you've been told  
Might be going home alone  
You were never what you sold You're like fire, fire, oh oh oh oh oh  
You're like fire, fire, oh oh oh oh oh  
So come on, let's ride, we'll take on the world tonight  
You're like fire, fire, oh oh oh oh oh  
Let's burn And if you go up in flames  
I think you know you're to blame  
I know that you'll never change  
ohhh You're like fire, fire, oh oh oh oh oh  
You're like fire, fire, oh oh oh oh oh  
So come on, let's ride, we'll take on the world tonight  
You're like fire, fire, oh oh oh oh oh  
Let's burn  
Let's burn
