

# Healing Rays

[John Norum](#)

As I wait for a sign to come fallin'  
Down on me from the sky  
I've waited my life  
Know you gotta wait for it  
Know you gotta wait for the light  
To come falling down with its healin' rays  
And I wait for a sign to come  
Fallin' down on me from the sky  
I've waited all my life
