Dance Like Nobody's Watching

Amy Diamond

Oooh oooh oooh
Oooh oooh oooh oooh oooh
Oooh
Oooh oooh oooh
Oooh oooh oooh oooh oooh
OoohHow come we feel so alone
An endless road we're so used to travel
But in the rearview mirror
Things get clearer
We start to know when it's too late
Let go and make your own fateAnd just dance like nobody's watching
Close your eyes, roll the dice, let go for a moment
And just dance like nobody's watching
Make everyday count, get up when you're down
And just dance, come on and just danceSo long we lived beneath the vail
So afraid to make a wrong turn
But in the rearview mirror
Things get clearer
We start to know when it's too late
Why be good when we can be greatAnd just dance like nobody's watching
Close your eyes, roll the dice, let go for a moment
And just dance like nobody's watching
Make everyday count, get up when you're down
And just dance, come on and just danceOooh oooh oooh
Oooh oooh oooh oooh oooh
Oooh
Oooh oooh oooh
oooh oooh oooh oooh oooh
OoohAnd just dance like nobody's watching
Close your eyes, roll the dice, let go for a moment
And just dance like nobody's watching
Make everyday count, get up when you're down
And just dance, come on and just danceWoah, come on and just dance
Come on and just dance
