

# I Will Heal You

Haley Dreis

So young, so young  
to understand what's going on  
I can't breathe  
truth has suffocated me to sleep

Pre-Chorus:  
Why can't you be here  
to tell me it's alright?  
I need you to hear me  
and guide me through the night

Chorus:  
I know you'll see me someday  
My memories will never fade  
You are a part of me  
I can feel you in my bones  
and with you I can't lose control  
Your presence sets me free  
I will heal you

Now I am older  
still too young to understand  
I hold my arm outstretched  
For you to hold my hand

[Pre-Chorus]  
[Chorus]

Bridge:  
Don't leave me, Don't leave me, Don't leave me  
Crying, tired  
Don't leave me, Don't leave me, Don't leave me  
Living, doubting

[Chorus]

So young, so young  
to understand what's going on...
