# Big Road Blues

## Gordon Smith

I ain't goin' down that big road by myself
I ain't goin' down that big road by myself
If I can't carry my baby, gon' carry somebody else

Sun don't shine in my back door somedays
Sun don't shine in my back door somedays
Big wind gonna blow up, take my blues away

(???)
Reach in the corner mama hand me my travelin shoes
you know I got them big road blues

Sun gonna shine in my back door someday
The sun gonna shine in my back door someday
Big wind gonna blow up, take my blues away

I ain't goin' down that big road by myself
I said I ain't goin' down that big road by myself
If I can't carry my baby, gon' carry somebody else
