

Bulls and Roosters

together PANGEA

This rooster's a bullhead
My tongue is burning
From green to blue to red
This cloud is learning I got one, two, three, four
I got five, six, six, six I got one, two, three, four
I got five, six I'll find out what you spend,
Your mind I plunder
When lightning strikes again
I'll be the thunder
I got one, two, three, four
I got five, six, six, six I got one, two, three, four
I got five, six This rooster's a bullhead
My tongue is burning
From green to blue to red
This cloud is learning
I'll find out what you spend,
Your mind I plunder
When lightning strikes again
I'll be the thunder
