Make It To Me

Sam Smith

My mind runs away to you
With the thought I hope you'll see
Can't see where it's wandered to
But I know where it wants to beI'm waiting patiently though time is moving slow
I have one vacancy and I wanted you to know thatYou're the one designed for me
A distant stranger that I will complete
I know you're out there we're meant to be
So keep your head up and make it to me
And make it to meSo sick of this lonely air
It seems such a waste of breath
So much that I need to say
So much to get off my chestI'm waiting patiently though time is moving slow
I have one vacancy and I wanted you to know thatYou're the one designed for me
A distant stranger that I will complete
I know you're out there we're meant to be
So keep your head up and make it to me
Make it to me
