

# Ready to Fall

## Widowmaker

Keri:

I can't stop my hands from touching you

I can't stop my lips from kissing you

I can't stop my arms from holding you

I can't stop my body from needing you

Baby, just take it all

Ooh baby, just take it all

I'm ready to fall

But what about you?

Ne-yo:

I can't stop my eyes from seeing you

Even when you're not within my view

Hands upon my watch refuse to move

Every moment that we share is like new

Ohh baby, just give it all

Ohh baby, just give it all

I'm ready to fall

But what about you?

And whatever the road you want me to travel

Baby I'll ride wherever you'd rather

My seat belt's on, now you can go faster

I want to go faster, baby

Keri:

Ohh, just take it all

Neyo:

Ohh baby, just give it all

Both:

I'm ready to fall

But what about you?

Ne-yo:

Pleasure and the pain is what we do

Make it hurt so good, just loving you

Emotionally intertwined, us two

Gravity take us wherever, long as we're together

Baby, give it all

Take it as I give it all

I'm ready to fall

So ready, so ready baby

I can't stop my hands from touching you

I can't stop my lips from kissing you

I can't stop my arms from holding you

I can't stop my body from needing you

Baby, just take it all

(give it all)

Ooh baby, just take it all

(give it all)

I'm ready to fall.

(I'm ready to fall)

But what about you?
