# Freak Out

## 2 Fabiola

Freak out today
I want you here to say
Freak out today
So let's party into the night again
There's something going on tonight
I hear the music, see the light
So follow me into my dream
Freakin' is the part of life
Freakin' is the part of life
Freakin' is the part of life
Freakin' is the part of life
Freak out today
I want you here to say
Freak out today
So let's party into the night again
So let's make hope out of hate
Common' and dance, it's not too late
We all can freak out today
Freakin' is the part of life
Freakin' is the part of life
Freakin' is the part of life
Freakin' is the part of life
Freak out today
I want you here to say
Freak out today
So let's party into the night again
Freakin' is the part of life
Freakin' is the part of life
Freakin' is the part of life
Freakin' is the part of life
Freakin' is the part of life
Freakin' is the part of life
Freakin' is the part of life
Freak out today
I want you here to say
Freak out today
So let's party into the night again
