Unknown soldier

76.

Borderline, dead inside
I don't mind, falling to pieces
Count me in, violence
Let's begin, feeding the sickness
How do I simplify
Dislocate the enemies on the wayShow me what it's like to dream in black and white
So I can leave this world tonightFull of fear, ever clear
I'll be here, fighting forever
Curious, venomous
You'll find me climbing to heaven
Never mind, turn back time
You'll be fine, I will get left behindShow me what it's like to dream in black and white
So I can leave this world tonight
Holding on too tight, breathe the breath of life
So I can leave this world behindIt's only hurts just once
They're only broken bones
Hide the hate insideSo I can leave this world behindShow me what it's like to dream in black and white
So I can leave this world tonight
Holding on too tight, breathe the breath of life
So I can leave this world behind
