Caroline

Danny Kirwan

Written by danny kirwan and c.g. adams.Oh caroline you haunt me so
This tangled heart of mine
Wants to be free of you
To start my life anew
CarolineYou took your lips to other guys
Those lips that once touched mine
Why don't you set me free
Don't go on hurting me
CarolineOh devil lady with a heart of steel
And flashing eyes of youth
Don't make it hard on me
Become a memory
CarolineYou're worlds away is a constant high
Please spare a thought for me
You let your love run wild
How sad I feel inside
Caroline
