This Could Be the Day [feat. Randy Knaps]

Kim Coleman

Chorus: This could be the day. This could be the end of my race. I know this could be the day, I can see him face to face. Well this could be the day, I can hear him say "Well Done"!! This could be the day that Jesus comes. Verse 1: Now we hear about the wars and we see all the sin and strife. We're faced with situations that we brought down here in this life. Now there's a feeling inside that I can't hide. I'm gonna make it to the other side. This could be the day that I could be going home!!! Verse 2: This could be the day all my troubles will be ended and I will meet the one on whom I have depended. I'll wear a crown and a robe of white. There'll be no more night for Jesus is the light. This could be the day I'll be going home.
