

A Lift in the Morning Fog

[Lior](#)

I'd rather have faith in you
Than in some dream that will never come true
Uh, Yes, I'd rather believe in flesh and blood
Something I can see, something I can touch
Where the spirit rises onA lift in the morning fog
Sometime the glare is too bright, I know
Maybe you're my savior after allYou know, I used to wanna go alone
Strength in my eyes was not needing anyoneUh, but I've grownA lift in the morning fog
Sometime the glare is too bright, I know
Maybe you're my savior after allYes, love is a river and you jsut have to let it flow
Even though you gobble through places
You never dream you would go
