

# Swerve

## I LOVE MAKONNEN

Now we ain't tryna have no fuckin' party  
Unless your girls tryna all get naughty  
I got some lean in my truck right now  
And I'm tryna make it all go down  
My friends like sniffin' cocaine  
They hit the strip club on a bitch and make it rain  
I like making money on the fuckin' corner too  
But I'd much rather be somewhere doing Wall Street dudes  
I had to swerve on 'em, I had to swerve  
What's the word on them? What's the word?  
So can I swerve on 'em? Can I swerve?  
I had to swerve on 'em, I had to swerve  
Now I'm always flying down on the highways  
I be tryna make a money turn to five ways  
I remember when I used to have a two way  
And now I make a club go up on a Tuesday  
My cousin outta town with that new shit  
He comin' right back like a new pit  
He balkin' with that new fuckin' sparker  
Niggas out here crazy like they Waka  
I had to swerve on 'em, I had to swerve  
What's the word on them? What's the word?  
So can I swerve on 'em? Can I swerve?  
I had to swerve on 'em, I had to swerve  
I don't like to share my drugs  
'Cause all these niggas wanna smoke my bud  
Don't nobody have no fuckin' money  
They laugh at jokes, ha ha, they think this shit is funny  
But ain't nothin' funny at all  
I had to make a hundred thousand before fall  
I got niggas tryna kick me out my house  
I got niggas in the trap like a mouse  
I had to swerve on 'em, I had to swerve  
What's the word on 'em? What's the word?  
So can I swerve on 'em? Can I swerve?  
Oh what's the word on 'em? Now I gotta swerve  
Now I'm 'bout to fly outta town  
I'll be back in September when it's brown  
On the leaves but I'll still have that green  
I mean my friends kinda know what I mean  
We be gettin' fuckin' drunk all the time now  
I be tryna be in the High Times now  
On the front cover with my fuckin' dojer  
I play games bitch I'm PlayStation controller  
So let me swerve on em', so let me swerve  
You know I had to swerve on 'em, I had to swerve

So what's the word on 'em? Tell me should I swerve?  
Because I swerve on 'em, yes you know I swerve  
So what's the word on 'em? Can I swerve?  
You know I swerve on 'em, you know I swerve  
So what's the word on 'em? What's the word?  
Because I swerve on 'em, you know I swerve
